

MY WILL

**LET US HELP YOU PLAN
YOUR FUNERAL IN ACCORDANCE
WITH YOUR FINAL WISHES**

AURENS can help you to completely organize and even pay for your funeral service in advance. We offer the utmost reliability, peace of mind and assurance.

At AURENS, we realise that when someone passes away, many important matters can be left up in the air. This can give rise to uncomfortable situations for family members or even mean that the wishes of the deceased person are not fulfilled.

With AURENS, your instructions will still be here when you are not, without the risk of being mislaid or overlooked, which can so often happen in the case of paperwork left at home. They will be stored with total confidentiality. And they will be complied with to the letter.

Most importantly, this will relieve your family members from any uncertainty, something they are bound to be grateful for.

Thanks to Aurens, Ibiza finally has the funeral service it has been calling for: **CREMATION**.

The Santa Eulària-Eivissa Crematorium is the first facility of its kind in Ibiza and offers a cremation service with every feature and the benefit of not having to leave the island.

With Aurens you can contract a **full funeral service, including cremation**, and use the current chapel of rest at the crematorium itself.

If you're interested in cremation, please call us.
